About Us

Wonderland was founded almost 50 years ago by a group of dedicated parents and the Choshi Junior Women's Club to help just three children with developmental disabilities. We currently serve approximately 250 children ages birth to three with special needs and their families per month in north King and south Snohomish counties. We are now expanding to serve children through age 12 and implementing a one-of-kind model of service delivery for children with prenatal exposure and their families.
